					<p>It is always good practice to take your courses in sequence and aim to complete all of your Level 1 courses before moving on to Level 2.</p>
--	--	--	--	--	---

NB: It is highly recommended that you complete all 3 Foundation courses (FOUN1001, FOUN1101, and MGMT1000) before moving to Level 2.

NB: Some Level 2 core courses will only be offered in Semester 1.

The BSc Accounting is a specialized, practice-based programme and at Levels 2 and 3, there is a requirement to complete a number of practice tutorial sheets under the guidance of your tutor. You should therefore register for **no more than 3** of the available courses per semester, OR the maximum number of courses per semester that you can reasonably complete successfully to ensure that you do not jeopardize your GPA.

To ensure success at this Level, the working adult should aim to attempt no more than 3 courses per semester. Note that you can register for a minimum of one course in a semester, as necessary.

In keeping with the specialized nature of this programme, it is strongly recommended that you purchase copies of recommended texts as these will serve as useful reference in your future professional practice

REMINDER: Your Levels 2 and 3 courses count towards the type of degree you are awarded. A GPA below 2.0 means you will **not** be awarded a degree.
